SUMMARY

Aspiring Frontend Developer with hands-on experience in building responsive web applications using React.js, JavaScript, and CSS. Proficient in creating dynamic user interfaces and implementing REST API integrations. Seeking an internship opportunity to contribute to innovative projects and enhance my skills in frontend development.

EDUCATION

Acharya Institute of Technology, Soldevanahalli, Bengaluru **Aug 2020 - May 2024**
Bachelor of Engineering , Computer Science Engineering 7.57 CGPA

Duddupudi PU College of Science, Sindhanur, Raichur **Jun 2019 - Mar 2020**
Intermediate , BiPC 81.4%

Duddupudi PU College of Science, Sindhanur, Raichur **Jun 2016 - Mar 2017**
Secondary School Certificate 69.8%

PROJECTS

Emoji Game Link

- Developed a responsive Emoji memory game where users win by clicking unique emojis until all displayed emojis are clicked.
- Implemented randomized emoji positions using React state and event listeners, enhancing user engagement.
- Utilized React components, props, lists, and conditional rendering to manage game states effectively.

Wikipedia Search Application Link

- Developed a custom Wikipedia search application allowing users to search and view curated results with detailed explanations.
- Fetched search results asynchronously using REST API calls and displayed them with responsive HTML list elements styled using CSS and Bootstrap.
- Implemented functionality to open detailed results in a new tab using HTML anchor tag attributes.

Typing Speed Test Link

- Created a comprehensive typing speed assessment tool employing advanced JavaScript techniques to fetch and display paragraphs.
- Tracked timer and provided real-time results with form validation to ensure accuracy and completeness.
- Styled the application using HTML, CSS, and Bootstrap for a user-friendly interface.

CERTIFICATIONS

Industry Ready Certification in Full-stack Development

SKILLS

- **Frontend Development:** HTML, CSS, Bootstrap, JavaScript, React.js, Flexbox
- **Backend Development:** Express, Node.js
- **Programming:** Python
- **Databases:** SQL, MongoDB
- **Version Control:** Git
